Hacemos cerámica

En los años 70, Cerámica Nulense inició su actividad industrial con 32 personas, un área de 60.000 m2 de suelo industrial y el maravilloso reto de idear, crear y fabricar sus propios productos cerámicos, de la máxima calidad y el mejor precio.

En la actualidad, y gracias a una política constante de inversión y expansión, STN Cerámica ocupa más de 1.000.000 m2 de suelo industrial, tiene una capacidad productiva de más de 100 millones de m2 anuales, cuenta con presencia en 130 países y emplea a más de 1100 personas, convirtiéndole estos datos, en el 2º fabricante europeo de cerámica y 9º fabricante mundial según los datos facilitados por el prestigioso Ceramic World Review. (Datos de 2019) La constante modernización de las plantas industriales permite a STN Cerámica ser líder en competitividad y en capacidad de fabricación de todo tipo de productos cerámicos.

Para ello, es necesaria una inversión constante en la modernización de equipamiento, un personal perfectamente preparado y una dotación de medios de última generación, en los departamentos de Desarrollo, Calidad y Marketing.

Esta trayectoria hace de STN Cerámica la elección perfecta, al ofrecer un producto competitivo que aúna diseño, calidad, tecnología y versatilidad.

In the 70s, Ceramica Nulense started its industrial activity with 32 people, an area of 60,000 SQM of industrial land and the wonderful challenge of devising, creating, and manufacturing its own ceramic products, of the highest quality and the best price.
